

City of Port Arthur PORT ARTHUR BUSINESS ENTERPRISE PROGRAM

What is the purpose of the Port Arthur Business Enterprise Program?

The purpose of the Port Arthur Business Enterprise Program is to create a program that promotes spending by companies that have industrial district agreements with qualified Port Arthur business enterprises as to increase the diversity of Port Arthur businesses with which such companies procure goods and services so that the pool of such businesses is representative of the business community at large.

Which Port Arthur businesses are eligible to apply for certification?

Any Port Arthur business, including, but not limited to, a Port Arthur minority and/or women owned business enterprise (MWBE), a Port Arthur historically underutilized business (HUB), and a Port Arthur disadvantaged business enterprise (DBE) is eligible to apply. The following two levels of PABE certification are identified:

- **Level 1** ➤ For a business that maintains its **principal** place of business within the boundaries of the City **and** has been in operation for at least six months within the City.

What Additional Criteria Must a Company Meet for PABE Certification?

- A Port Arthur Business Enterprise must perform a commercially useful function including the performance of the following functions by the business:
 - Being directly responsible for providing the materials, equipment, supplies, or services as required by the contract solicitation;
 - Performing work that is normal for its business services;
 - Carrying out its obligations by actually performing, managing, or supervising the work involved;
 - Being a for-profit business;
 - Verifying
 - ✓ Financial viability,
 - ✓ Adequate safety record,
 - ✓ Employees who are drug tested and background checked, and
 - ✓ Compliance with local, state and federal regulations and licensing requirements; and
 - Maintaining a fixed, established commercial address (not temporary building, post office box, or telephone answering service, or short-term lease).

Does certification guarantee that the business automatically is placed on the approved vendors/bidders list of all companies with current Industrial Agreements?

The Port Arthur Business Enterprise certification does not circumvent the pre-qualification process for potential service contractors currently in place at area petrochemical plants. Each company has a unique process that serves its needs. Listed below are the names of the companies currently participating in the Port Arthur Business Enterprise program along with additional information concerning each company's vendor pre-qualification process.

Note 4:

TOTAL has established a business relationship with ISNetworld (www.isnetworld.com or 800-976-1303). Effective immediately, ISNetworld will begin serving as TOTAL's primary contractor information management system. As a result of this action, contractors performing on-site services for TOTAL will be required to become a subscriber to ISNetworld. If your company is a current subscriber to ISNetworld, there is no additional fee; however, please ensure your company has completed TOTAL's requirements. In order to be considered by TOTAL for contractor services, your company's subscription must be in place and all required data must be posted as soon as possible, and accepted by TOTAL.

Note 5:

Flint Hills Resources Port Arthur, LLC (FHR) has established a business relationship with ISNetworld (www.isnetworld.com or 800-976-1303) for reviewing contractors’ safety programs and safety performance for contractors contemplated for or performing on-site work at FHR; subsequently, contractors performing on-site services for FHR are encouraged to become a subscriber to ISNetworld. If your company is a current subscriber to ISNetworld, there is no additional fee; however, please ensure your company has completed FHR’s site requirements. Additionally, contractors should have documented experience in the size and type of work desired to be performed to be considered for the work solicited.

Must all PABE’s go through the vendor pre-qualification process?

- A company that is a service provider must complete the pre-qualification process.
- A company that is a commodity supplier is **not** required to complete the pre-qualification process.

How does a business apply for PABE Certification?

- Complete the **Application for Certification as a Port Arthur Business Enterprise**, which can be found at the City's website www.portarthurtx.gov and submit it to the City Attorney's Office.
