

PAT Transit Department

“Keep the Fleet Moving”

What we have done,

PAT has replaced and renovated over 1,000 bus stop signs and shelters.

What we have completed,

PAT recently opened the new propane filling station, a ribbon cutting ceremony was held December 1, 2010 at the transit propane terminal located at 325 Dallas Street, downtown Port Arthur.

What we are doing,

Pat is currently planning renovations to the Port Arthur transit facilities. As part of our “Going Green” efforts, an auto bus scrubber is in the early planning stages as well as construction of new administration offices.

Future auto bus scrubber site
